Shree Krishna
Food Equipment & Supplies Pvt. Ltd.

- History -

The Early 1990s

That's where our story starts, in a humble 200 square foot office.

Fast Forward to 1997

Imported US Corn for Popcorn was first introduced by us to cinemas across India.

Years later...

Popcorn got a CRUNCHY upgrade! We introduced international, rich flavours, seasoning and top-notch popcorn poppers and warmers from C. Creators.

Present

We popcorn-ed our way from kernels to a diverse kingdom, offering world class popcorn packaging like paper buckets & paper tubs, trays, flavours and everything in between!

- Mission -

To provide high-quality, innovative food equipment and supplies, giving our end-users the best experience while prioritising eco-sensibility and contributing to a greener future.

- Vision -

To be a responsible industry leader in sustainable packaging, food equipment, and products, contributing positively to health, entertainment, and the environment through innovation and eco-friendly practices.

- Company Info -

We're committed to freeing nature from plastic waste, with millions of tons generated annually and over 90% unrecycled.
